EL ROMPIDO

The **Fuerte El Rompido** hotel enjoys an excellent location, next to the natural area of Río Piedras and a short walk from the center of El Rompido. It is surrounded by the Doñana National Park, and with a nice free boat ride you can reach an unspoilt beach of 14 kilometers, which makes it the ideal environment for both sports and relaxation.

It has Andalusian style architecture and is one of the most sustainable hotels in the chain; it participates in projects of neutralization of its carbon footprint and is considered as an environmental reference.

The hotel has a wide variety of facilities to ensure the enjoyment of both adults and children: 5 swimming pools (one for adults, two for children, a mixed one and one indoor), gym, spa with exclusive Skeyndor treatments, beauty center, two bars and a newly refurbished restaurant, Dosfaros, where you can taste the best of local gastronomy with views of the two lighthouses of El Rompido.

El Rompido is a small fishing village where you can relax with beautiful views and enjoy a varied gastronomy of first quality at affordable prices.
